A grayscale photograph of a statue, likely a personification of a virtue or success, pointing its right index finger upwards towards the sky. The statue is positioned on the right side of the frame, with its arm and hand being the primary focus. The background is a dramatic sky filled with soft, white clouds. The overall tone is inspirational and aspirational.

ABOUT STAKEHOLDER ENGAGEMENT

Youngstown State University operates under the guidance of advisory groups, committees and councils consisting of dozens upon dozens of faculty, staff, administrators, students, alumni and community members. It is through the discussions, deliberations and decisions of these many groups that university policy, initiatives and practices are developed and implemented. Here is a partial list of these groups, their charges and members, and other relevant information about their activities and actions.

BUDGET ADVISORY COUNCIL

The Budget Advisory Council helps shape the University's priorities and achieve the goals outlined in the YSU 2020 Strategic Plan. The Council serves in an advisory capacity to the President regarding budget issues and funding priorities. Council members represent the entire campus community, and communicate to and provide feedback from their various constituent groups.
