Please check your YSU email account regularly for program updates, requests for updated ACT/SAT scores, placement testing and appointments with your academic advisor.

As a reminder, **admission to the program is not the same as course placement.** YSU uses a combination of ACT/SAT scores and placement tests. You may have to do testing to qualify, even if you did not complete any testing last year.

Did you take the ACT/SAT again? Email ccp@ysu.edu your scores!

Step Seven - Academic Advisement

As a CCP Continuing Student, you are required to see a YSU academic advisor.

You have been added to an online advisement course in Blackboard called 18-19 CCP Continuing Student Academic Advisement. It provides directions on how to complete your advisement depending on where you are taking classes – at the high school, on campus or online.

Directions on how to log in and navigate Blackboard are sent to your YSU email account. If you did not receive it, email ccp@ysu.edu.
