A: Yes. Students in their final semester of course work are instructed directly on the social work licensing exam.

Q: Can I complete my social work field internship hours at my place of employment?
A: Possibly. The MSW Internship Coordinator works closely with students to develop quality practice-based educational experiences. If a student’s educational experience is not compromised in their existing place of human services employment, an employment-based internship may be developed.

Q: Is it possible for me to retain employment and maintain my family and life responsibilities while engaged in the MSW program?

A: Yes. A maximum of 9 graduate semester hours of course credit earned from other educational institutions evaluated as equivalent to courses required in the MSW program may be substituted.

Q: I have a criminal record. Can I be admitted to the MSW program?
A: Qualified students who have been convicted of misdemeanor or felony offenses may be admitted to the program. However, field internship opportunities may be restricted due to agency prohibitions pertaining to the engagement of students in agency work in possession of criminal records. Students with convictions are advised to become informed of requirements pertaining to social work licensure and avenues of appeal as they consider their enrollment in the MSW program and the limitations past convictions may impose on their ability to practice the profession of social work.
