The Subcommittee's function is one of oversight, and as such it recognizes that management is responsible for preparing the financial statements and that the external auditors are responsible for auditing those financial statements.

The Subcommittee has the authority to retain legal, accounting and other advisors to assist in the performance of its responsibilities. The University shall compensate the independent auditors and advisors employed by the Audit Subcommittee, and provide for associated administrative expenses.

Definition of Internal Auditing

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

Authority and Accountability

To ensure maximum independence and adequate consideration of recommendations, Internal Audit will report to the Audit Subcommittee of the Board of Trustees and will have direct access to the Audit Subcommittee and/or President. Daily interactions and administration of the internal audit contract will be coordinated by the Vice President for Administration and Finance or his designee.

Internal Audit is authorized to have unrestricted access to University information, including records, computer files, property, and personnel of the University in accordance with the authority granted by the Board's approval of this charter and applicable federal and state statutes. Internal Audit is free to review and evaluate all policies, procedures, and practices of any University-related activity, program, or function except where limited by law or University policy.

Scope of Work

Internal Audit will assess the University's processes of risk management, control, and governance to ensure that:

- Risks are appropriately identified and managed.

- Employees' actions are in compliance with policies, standards, procedures, and applicable laws and regulations.
- Resources are acquired economically, used efficiently, and adequately protected.
- Programs, plans, and objectives are achieved.
- Quality and continuous improvement are fostered in the University.

In conducting their assessments, Internal Audit will:

- Implement the approved annual audit plan and provide quarterly status reports.
- Maintain a professional audit staff with sufficient knowledge, skills, and experience to meet the requirements of this Charter. At a minimum, comply with relevant professional standards, such as the *International Standards For The Professional Practice of Internal Auditing* and the *Code of Ethics* of the Institute of Internal Auditors, Inc.
- Issue periodic reports to management, and Audit Subcommittee as appropriate, summarizing results of audit activities.
