The AG Difference

- **Brand compliance:** To make your life easier, they will make sure all your orders are brand compliant when it comes to logo use and the correct colors.
- **Extension of your department:** If you are at a loss for ideas, unlike other suppliers, they will take the time to help you find the right product to fit your needs, time and budget.
- **Quick turnaround** times on your orders.
- **Reliable and personalized service:** Along with the latest technologies available, they provide old fashioned personal touch on every order. *They actually answer their phones and don't use voice mails (how about that!)*
- **Free PDF proofs** are emailed on every order prior to releasing the orders for production.
- **Showroom:** If you happen to be in the Akron area, visit their showroom where you are able to see, touch and feel hundreds of new products on display. *There is no other showroom in the area with the extensive selection of products as AG PrintPromo Solutions.*

How to get the best price?

Visit their website at www.theaggroup.com to look for ideas, if you don't already have the products selected. Then email your reps **Jenni James** at design@theaggroup.com or **Anup Gupta** at service@theaggroup.com or call at 330-315-9600 for product & pricing info.

Remember, on their website you will see regular pricing but when you request pricing info via email or phone, it will do couple things for you.

- One, they will get you the best possible price reflecting the **YSU special discounts of 20-35%**. They will also get you freight estimates thus providing you complete "out the door" price with no surprises.
- Two, they will make sure the requested product(s) are in stock and of good quality.
- Three, if you happen to select a product(s) from a supplier on the west coast, they will try to locate that product from a closer supplier. This will not only save you shipping cost but will also reduce breakage and transit time.
