Accessibility Services (AS) provides support services for students with diagnosed disabilities. AS utilizes an interactive, case-by-case approach when determining eligibility for services and reasonable accommodations. Students requesting accommodations from AS may be required to provide documentation regarding their specific disability. This documentation should demonstrate a disability covered under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (and the ADA As Amended in 2008). The ADA defines a disability as a physical or mental impairment that substantially limits one or more major life activities.

When filling out this form, please keep these things in mind:

1. It should be completed by a licensed professional and/or properly credentialed professional (e.g. medical doctor, psychiatrist, psychologist, counselor, speech-language pathologist, etc.). AS does not accept documentation completed by diagnosing /treating professionals related to the student requesting accommodations.

2. **All parts of the disability verification form should be completed as thoroughly as possible.** Where appropriate, summary and data from specific test results should be attached. If a comprehensive diagnostic report is available that provides the requested information it can be submitted in lieu of the disability verification form.

3. A learning disability assessment should include (a) a measure of cognitive aptitude and (b) a measure of achievement in reading, math and/or written language. Data should be based on age norms and reported as standard scores and percentiles.

4. **Printing or typing** on the form is preferred. If a form is illegible, it may be returned or you may be contacted for clarification.

If you have any questions, please call the Accessibility Services Office at 330-941-1372.
