

**YOUNGSTOWN STATE
UNIVERSITY**

Dear Future Penguin,

Thank you for your interest in learning more about Youngstown State University and all of the nationally-recognized academic programs and talented faculty and staff that we have to turn your career dreams into reality.

You will find us to be an innovative institution of higher learning that provides a wide range of academic, professional and social experiences aimed at your success in today's global economy.

There are many opportunities here at YSU, and we invite you to take advantage — the opportunity to develop one-on-one relationships with award-winning faculty, to work in state-of-the-art labs and studios, to engage in meaningful internships and co-ops, to live in modern student residence halls and apartments, and to make lasting friendships and connections with students from around the world. You can study abroad, attend a sporting event or concert, get a job on campus, team up with one of our academic tutors or get involved in some of our nearly 200 student organizations.

All of that — on top of attractive scholarship packages, a competitively low tuition rate and our Penguin Tuition Promise — makes Youngstown State University one of the greatest higher education values in the nation.

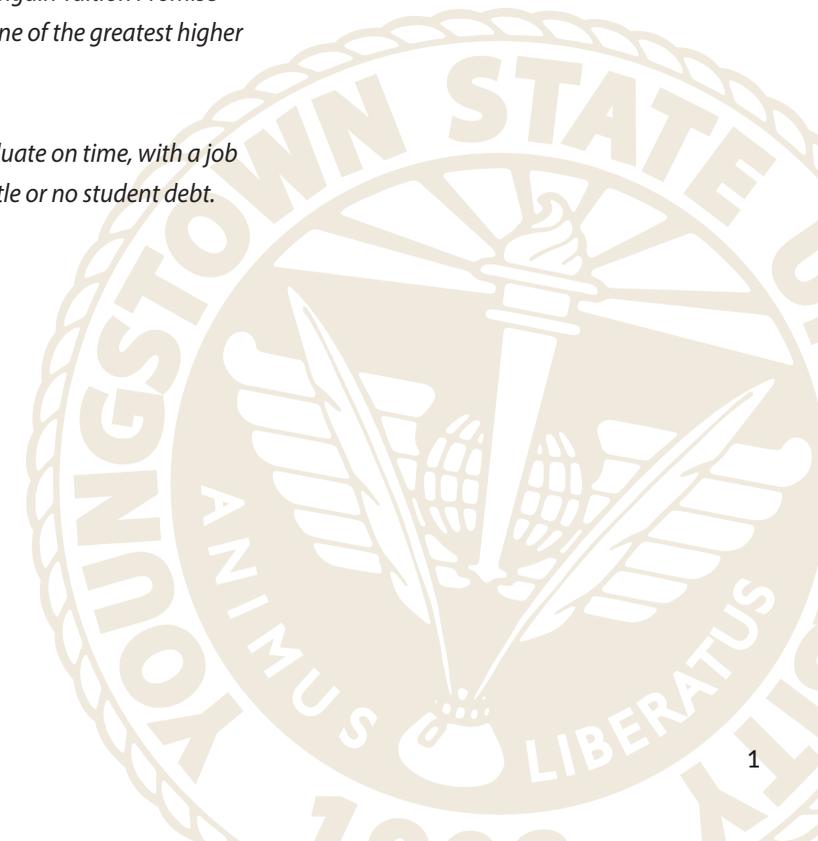

We are committed to helping you graduate on time, with a job (or graduate school) in hand and with little or no student debt.

Go Penguins,

James P. Tressel, President

TAKE THE FIRST STEP ON THE JOURNEY OF A LIFETIME

Beyond the buildings of a city on the rise, the first step of your career is waiting for you. Where value is not only defined by cost, but in the degrees and experiences we offer our students. It's a place to live and a place to learn. A small town with big opportunities, where friendships are forged and professional connections build the foundation for your future. A place where education is everything and experience matters. That place is Youngstown State University, and we are waiting for you.

Your journey starts here!

ACCREDITATION
Youngstown State University is accredited by the Higher Learning Commission (hlcommission.org), a regional accreditation agency recognized by the U.S. Department of Education.

OUR FACULTY PUTS YOU FIRST.

At Youngstown State University, your success is our mission. Your decision to pursue higher education is the first step, and our professors are here to guide you the rest of the way.

Our faculty is made up of a diverse, resourceful group of scholars who offer expertise in their fields and are deeply invested in your future. It's in the classroom where you will cultivate meaningful exchanges and discussions – important ones that can shape the direction of your life. Now is your chance to maximize that individualized attention.

Youngstown State University is where professors become both mentors and friends, offering opportunities and insight that will lead you from the lecture hall into the real world.

RESEARCH, INTERNSHIPS & OPPORTUNITY

Ever-evolving and rich with opportunities, Youngstown State University continues to offer access to cutting-edge technologies, coveted internships, and competitive resumes that will guide you from the classroom into the workplace.

Part of our mission at Youngstown State University is to be recognized nationally as an urban research university. We take that responsibility very seriously, and we do so by allowing our students to perform research as early as their freshman year.

\$42,650,000

in research and service grants during the past five years

6 OUT OF 10 EMPLOYERS say they prefer work experience gained through an internship or co-op when hiring a new employee.

We have made internships a requirement for many of our degrees at Youngstown State because we know the impact it has during a job search. Our career services will help you land the internship that will provide you with relevant work experience for your degree. During your time with a company, it's your responsibility to take all you have learned in your education, and apply it to their business as an intern. It's no surprise that many of our students who have done this will end up with job offers before their internships end.

Engage with employers worldwide and expand your network.

COLLEGE OF SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS

THE ONE. THE ONLY.

We're Ohio's first and only college dedicated to STEM (Science, Technology, Engineering & Mathematics). Our faculty are academic experts. But they're also working professionals, involving students in their daily research. You don't have to go to Silicon Valley to see the latest advances in modern electronics; that happens in our backyard.

Opportunity doesn't knock because it's already at our students' doorsteps. Take our STEM Professional Services, for example. Its sole purpose is to place our students in pre-professional internships.

With this level of professional support, it's not hard to see why we're Ohio's "first and only" STEM college. It's because we're some of Ohio's best.

The College grants the following degrees:

SOKOLOV HONORS COLLEGE

INSPIRING A LOVE OF
LEARNING THROUGH
OPPORTUNITY,
COMMUNITY, AND
FAMILY

The Sokolov Honors College is typically described by our students as offering opportunities, a community, of students who have similar learning values, and a sense of family who support each other as they pursue their academic, career, and personal goals.

The Sokolov Honors College has supported student achievement in landing their dream jobs, securing national and international scholarships, and receiving full scholarships for graduate study. Honors students are engaged in the community and lead organizations across campus. All of these high impact experiences lead to our students' success.

Come see us. We want to welcome you to the Sokolov Honors College.

As a student in the Sokolov Honors College, you will have the opportunity to take Honors courses, while working with professors to create Honors credit opportunities in non-Honors courses. You will also have the opportunity to attend topical seminars for enriched learning. This earns you a special designation at commencement and on your diploma and final transcript—not to mention an advanced academic experience that becomes uniquely your own.

Honors courses are offered in a variety of disciplines across campus, as well as through the Sokolov Honors College for special topics. These courses cover material in greater depth and encompass more complex concepts and analysis. You'll participate in dynamic discussions, incorporate the latest technology, and have a greater responsibility to communicate, argue and produce ambitious papers or projects.

EMILY VO

“The YSU Honors College staff never fails to encourage their students to be their best, most authentic selves. I was able to enhance my networking, communication, and interpersonal skills and take charge of my thoughts and actions. The Honors College taught me to be more aware of everything I do and to ask myself why I think or do things the way I do. I use that to drive myself out of my comfort zone and engage in diverse volunteering activities.”

BUILD YOUR OWN COMMUNITY, LIVE ON CAMPUS.

WE ARE MORE THAN JUST A UNIVERSITY.

A thriving learning institution located in the heart of Youngstown, YSU bridges the gap between area industry, a thriving business community and a growing resident populace. Museums, restaurants, and a diverse cultural atmosphere are just steps away. More than a place to study, Youngstown State will become your second home. Here you will expand your knowledge and your circle. Roommates, classmates, and mentors will become lifelong friends.

Campus life offers limitless opportunities to become involved and discover your niche. With on-campus employment opportunities, exciting events calendar, and more than 200 student organizations to choose from, your next adventure is waiting.
