

2022 Noel Levitz Snapshot Series: **Registration & Course Availability**

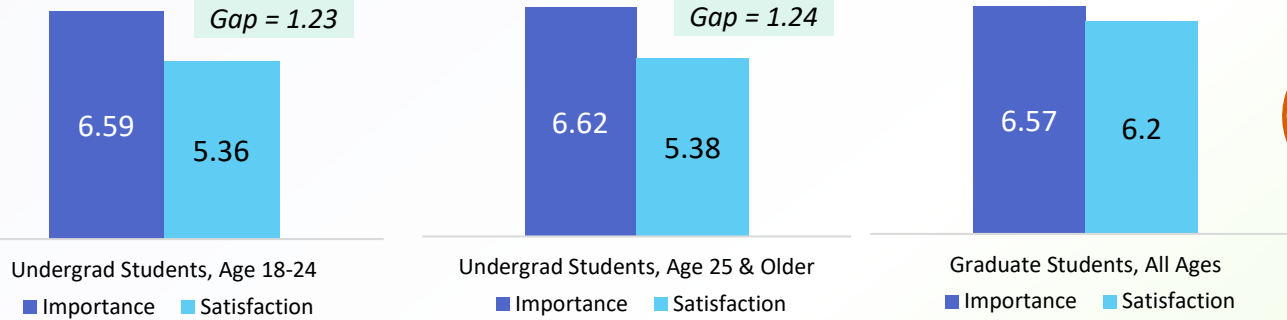

In the spring of 2022, the Institute for Teaching & Learning fielded the Noel Levitz Satisfaction survey to all YSU students. Two different survey versions were used as a part of the survey administration. Many of the same items occur on both surveys, and this document focuses on both survey versions, but breaks up results by undergraduate/graduate status and age group. The surveys had a **response rate of 17%**.

I am able to register for classes I need with few conflicts.

Students were asked how important an item is on a scale of 1-7, with 7 being the most important. Students are then asked how satisfied they are with that item on a scale of 1-7, with 7 being the most satisfied. The gap is the difference between importance and satisfaction.

This college has very minimal class availability for undergraduate students. – YSU Student

There was one class I needed to graduate that I could've taken in fall, but it's only offered in Spring so now I have to take a whole extra semester. – YSU Student

There are sufficient courses within my program of study each term.

There are sufficient options within my program of study.
