IX. Chairperson's Remarks

Chair Peterson noted that it is tremendous that the University and the Faculty Union reached an agreement well before the start of classes through what we have heard was a very respectful process, we thank the negotiating teams for their diligence and dedication.

He pointed out that this is one step in a series of steps to support the process to attract the very best candidates for our consideration as the next president with those being:

- Ratified Faculty Union collective bargaining agreement;
- A Brand launch the first week of classes;
- A communication to campus from the Board regarding our perspectives on a vibrant YSU Future State;
- September Board meetings considering the 14th-day count and a discussion of marketing (sales) as a foundational attribute of our enrollment strategy; academic portfolio design; and optimizing non-academic investments
- Release of a YSU Economic Impact Study.

Chair Peterson further noted that as the Board provided guidance concerning the construction of the FY-24 budget, today the Board is providing guidance pertaining to our expectations for the September meetings of the Board.

He also said that the Board anticipates the items outlined in the Resolution and any other similar such topics will be considered by the Governance Committee to which our Board Professional is the liaison, particularly as such topics are so intricately connected to the success of our *Plan for Strategic Actions to Take Charge of Our Future*, also noting that the Board anticipates considering a “renewed” such Plan in September.

Chair Peterson also stated that there are a plethora of challenges facing higher education in this State, the Mid West, and across the nation, and will work together to act on opportunities.
