

## FIRST YEAR LONG TERM CARE ADMINISTRATION MAJOR

Students should expect to take an English Composition course, a math course, an introductory course in psychology, a course in business computer systems, and a medical terminology course. Your advisor may also recommend that you take a required first-year experience course in your first semester.

The courses listed in each table below represent typical courses for a first year student in this major or majors. Each student's schedule may look different based upon the answers provided on the Pre-registration Survey, math and other course placements, and course availability. Students are required to place into to complete certain math courses before they are eligible to take Exploring Business.

Students who have earned college credit for any of the courses below will work with an advisor to identify appropriate courses for the first semester.

Your academic advisor will make every effort to accommodate your schedule preferences; however, course availability will be limited in many cases, and may mean that have to take a course at a time that might not be what you would prefer. It is important to remember that your advisor has your long term goals in mind as you work toward pursuing your degree and career.

### Math Placement = Level 10

First Semester Courses	Required Degree Area	Credits
