\*Fall 2014 reflects the first fall term under the more restrictive "conditional admission" enrollment policy.

...more than half of all high schools no longer report student rankings. Most small private and competitive high schools have done away with it because they feel it penalizes many excellent students who are squeezed out of the top 10 percent of the class..." ("Class Rank & College Admission", retrieved from <https://professionals.collegeboard.org/guidance/applications/rank>, Oct. 22, 2019)

**How to read this table:** Example, 5.81% of all the high school graduates entering YSU in the Fall term of 2015 as First-Time Undergraduates reported a high school standing that placed them in the top 10% of their high school class.
