Definitions:

MBE (Minority Business Enterprise): The MBE program is designed to assist minority businesses in obtaining state government contracts for goods and services. (Unlike the Encouraging Diversity, Growth and Equity program, the MBE program does not apply to construction contracts.) The State of Ohio developed the program because it recognized the need to encourage, nurture and support the growth of minority businesses to foster their development and increase the number of qualified competitors in the marketplace.

EDGE (Encouraging Diversity, Growth, and Equity Program): The EDGE program is designed to assist socially and economically disadvantaged businesses in obtaining state government contracts in the following areas: construction, architecture and engineering; professional services; goods and services; and information technology services. (In contrast to the Minority Business Enterprise program, the EDGE program does apply to construction contracts.) The State of Ohio developed the program because it recognizes the need to encourage, nurture, and support the growth of economically and socially disadvantaged businesses to foster their development and increase the number of qualified competitors in the marketplace.
