Seldom leaves their room/infrequent class attendance

Tearfulness

Changes in academic performance/study behaviors

Undue aggressive or abrasive behavior

Fearfulness

Dependency (i.e. student who is excessively clingy)

Frequent alcohol and/or drug use

Express your concerns to the student, pointing out your observations and asking about their situation

Are you worried about the student's safety or do you see possible warning signs? **WARNING SIGNS** include (but are not limited to):

Withdrawal from others (isolation)

YES

NO

DIRECTLY ask about your concerns and/or the warning signs

DIRECTLY ask about suicide/homicide as it relates to the displayed warning sign(s)

Do you believe the student is in imminent danger?

DO NOT LEAVE STUDENT ALONE

YES (imminent danger is clearly present)

EXAMPLES:

Student disoriented, found unconscious or unresponsive

Student tells you that they have ingested pills beyond the recommended dose (whether student confirms it is a suicide attempt or not)

Student is threatening immediate danger to self (i.e. threatening to jump out a window, ingest pills, shoot self, etc.)

Student attempts, or threatens to cause physical harm to someone else or people in general

UNCLEAR (whether imminent danger exists)

EXAMPLES:

Student reports a history of self-injurious behaviors (i.e. cutting or burning) and now states a desire to engage in the behavior again

Student makes statements that are suggestive of suicidal/homicidal thinking that are not overtly indicative of imminent danger (i.e. "I don't know if I can keep going" or "I don't know how long I can stay here")

Student appears emotionally distraught, displays erratic behavior and does not respond to your attempts to calm them

Student experiences a sudden stressful event (i.e. death, breakup, divorce) and seems emotionally unstable/inconsolable OR the student's response seems unusual (i.e. uncontrollable crying over a failed exam, no apparent response to the death of an immediate family member, etc.)

Student's communications contain material that raises concerns about suicide, homicide, and/or violence

NO (imminent danger is clearly not present)

EXAMPLES:

Student is very upset about the end of a romantic relationship, but denies suicidal/homicidal thoughts and shows no warning signs

Student reports anxiety and depression, but denies suicidal/homicidal thoughts and shows no warning signs

Student experiences death of someone close, but denies suicidal/homicidal thoughts and shows no warning signs.

As much as you and the student are comfortable, listen and provide support; but do not act as the student's therapist
