Frequently Asked Questions

❖ Q: What is a Form W-4?

A: Form W-4 is an IRS form that employees give to their employers that provides information used to determine the amount of federal income tax to withhold from each employee's paycheck. Employees should check their withholding any time their personal or financial information changes. The Form W-4 has worksheets to help employees adjust withholding based on their personal circumstances, such as whether they have children or a spouse who is also working. Employees who use the Withholding Calculator to check their withholding do not need to complete any of the worksheets on the Form W-4. The Withholding Calculator can be accessed here: <https://www.irs.gov/individuals/irs-withholding-calculator>

❖ Q: How do I complete the Form W-4?

A: Individual taxpayers remain responsible for accurately completing Form W-4 and should check FAQs on IRS.com or their personal tax professional.

❖ Q: How frequently can I change my W-4?

A: You can change your number of payroll exemptions as often as you wish by simply submitting a new Form W-4.
