

## Video Links

### Inserting Links into Content

Inserting links into content will display the video directly on the content page.

1. Select the **plus sign** where you want to add the video and choose **Create**.
2. Expand **Course Content Items** and choose **Document**.
3. Enter a document **name**. This document will serve as your *page* to add instructional material.
4. Adjust the visibility and availability settings by selecting the **drop-down menu** in the upper right corner.
5. Choose **Add Content** from the center of the screen to begin inserting content.
6. Type a description, instructions, or action items regarding the video. Select the **Insert/Edit Video from Web** icon.

The screenshot shows a content editor toolbar with various icons. The icon for inserting a video from the web (a square with a play button) is highlighted with a red box. Below the toolbar is a text input field with a vertical cursor. At the bottom right of the editor are 'Cancel' and 'Save' buttons.

7. Paste the **video URL** into the field provided. Add alternative text for accessibility requirements.
8. Select **Insert**.

**IDDC Pro Tip:** Utilize the content editor box to provide specific actions you want students to take with the content (read, review, watch, etc.). This enhances clarity within your course by assembling course elements in an easy to locate and understand manner.

9. Select **Save**.
10. Click  to return to the *course content* page.

### Inserting Links
