The Dana Vocal Performance Clinic is an intensive workshop that explores the world of singing, acting, and performing. This program promotes a friendly atmosphere in which students can begin to learn the basics of becoming an effective singing-actor. The clinic is open to all students who will be in high school, or college freshmen, during the 2018-2019 school year.

Faculty
The clinic was initiated and continues to function through the hard work and determination of advanced students of the Dana School of Music. This unique concept in educational development provides clinic participants with an enthusiastic faculty and an extensively researched curriculum. In addition to a talented faculty of young professionals, the clinic will also include special seminars conducted by accomplished experts.
